WOULD SAVE BOYS FROM GALLOWS

Insanity to Be Plea of Defense in Franks Murder Case.

NO EXPENSE WILL BE SPARED

Defense Will Endeavor to Show That Leopold and Loeb Committed the Franks Crime Without Motive. Double Guards Thrown Around the Prisoners in the County Jail. Father of Victim Testifies.

Chicago, June 5.—Insanity will be the plea of the defense in the trial of Nathan Leopold, Jr., and Robert Loeb, youthful millionaire slayers of young Robert Franks.

It was learned that alienists and psychiatrists will be called to give their expert opinions that the boys were suffering from diseased minds and were entirely irresponsible for the slaying of the 14-year-old school boy.

The defense, headed by Clarence Darrow, believes that if the state presses its charges in an attempt to connect the student murderers with additional crimes, including the murder of Freeman Louis Tracy, their fellow student in the University of Chicago, and the mutilation of Charles Ream, chauffeur, it will only aid in proving the contention that the boys are insane and committed the acts because of diseased and abnormal mentalities. The defense will endeavor to show the two 19-year-old students committed the Franks crime and any others of which they may be guilty, without motives, whenever the fits of their insanity suggested such action.

Attorney Darrow has made it clear that no expense will be spared to save the boys from the gallows. The whole of the combined fortunes of the Leopold and Loeb families has been placed at his disposal and he is ready for the greatest court fight of his long career.

While the defense is being built up, State's Attorney Crow has started unfolding the links of the case to the grand jury. Jacob Franks and Jack Franks, father and brother of the murdered youth, were called. The father was a pitiful picture, as pale faced he told of last seeing his son alive, of frenzied attempts to meet demands of the kidnappers, and then of finding the boy's body in a morgue. "If it comes to hanging, I would be willing to spring the trap myself," he said. "What punishment could be as cruel as that we have suffered the past two weeks? Those boys should take poison and end their lives for the sake of their families and of the rest of us."

Hints that Leopold and Loeb would attempt suicide caused Sheriff Peter Hoffman to throw double guards around them. Every article brought into the cells where the boys are held is being examined to prevent delivery of weapons or poison of any kind. Two guards are stationed before each cell. Both Loeb and Leopold expressed a desire to commit suicide rather than die on the gallows should they be convicted of murder.

KLAN ISSUE LOOMS

Democratic National Convention Will Have to Deal With It.

Washington, June 5.—Demanding the selection of Senator Thomas J. Walsh of Montana, George Brennan, Illinois leader, blocked the efforts of William G. McDoo's friends to name the permanent chairman of the Democratic national convention, opening in New York on June 24. The McDoo candidate for the chairmanship is J. Bruce Kremer, vice chairman of the national committee of Montana. The naming of Kremer had been considered a certainty until Brennan found out what was going on and effectively intervened.

Among those at the committee meeting were Chairman Cordell Hull of the national committee, George White of Ohio and Norman E. Mack of New York. Informal discussion by the Democratic leaders revealed that the Ku Klux Klan issue would have to be dealt with at New York, despite the efforts of the McDoo supporters to keep it out. Both Senator Underwood of Alabama and Governor Smith of New York want the issue met squarely.

Washington, June 5.—President Coolidge is said to favor Herbert Hoover, secretary of commerce, for the Republican nomination for the next presidential election. It is added that Hoover is not anxious to be a candidate for a second time on the ticket.

MANY INQUIRIES RECEIVED

Ohio Bureau of Identification Now Known Internationally.

Columbus, June 5.—In the report of the Ohio bureau of criminal identification and investigation for May, William N. Smith points out that the bureau is becoming recognized internationally. In several instances, the records show, inquiries concerning criminals have come from European countries, asking just what the Columbus office had "on" them. The report shows that since the beginning, 10 months ago, a total of 10,690 inquiries have been received. From this number there have been made 2,355 identifications. Two hundred and sixteen of the identifications, Mr. Smith points out, were persons who were fugitives from justice and wanted at other places for serious crimes. Through the efforts of the bureau they have been apprehended.

Inquiries for the month of May numbered 1,243. Identifications from this number was 272, of which 29 were fugitives from justice. This is an increase of seven over that of the month of April.

Ralston Not a Candidate

Indianapolis, June 5.—Senator Samuel M. Ralston discouraged efforts of Indiana Democrats to launch a formal boom for his nomination for the presidency. Ralston declared he is not a candidate. As a result, it is probable that the Indiana delegation will go to the national convention officially uncommitted but ready to work for him.

CLAIMS PROBES HAVE NO POWER

Harry Daugherty Declares He Will Not Testify.

SENDS LETTER TO COMMITTEE

Chairman Brookhart States Probers Will Call Upon Authorities to Force Former Attorney General to Appear Before Committee—Says Latter's Report Will Accuse Daugherty of Wrongdoing.

Washington, June 5.—Withdrawing his attorneys from the senate Daugherty committee's hearings, Harry M. Daugherty announced he would not testify on the ground that the committee had no authority.

The former attorney general based his refusal on the decision of Federal Judge Cochran at Cincinnati, which held that the committee is without power to impeach an official.

In a letter to the committee Daugherty said: "From the very commencement of your hearings, that is, on the twelfth day of March, last, I have been constantly represented by counsel at all of said hearings, and all this time have entertained the hope and have been encouraged by the promise that ultimately I would have the privilege of producing witnesses in my own behalf, and on behalf of the department of justice. The decision of the federal court has changed the whole situation and rendered it unnecessary for me to appear before your committee in person or by counsel, and their attendance at your hearings will be discontinued from and after this date."

Daugherty also made a sweeping denial or any corrupt or unethical practice as attorney general. Senator Brookhart, chairman, speaking for himself, conceded that the committee had no right to force Daugherty to testify "and disclose facts which might incriminate himself," but he indicated that "we will call upon the proper authorities to force him."

In announcing that he would request a preliminary report of the committee, Brookhart forecasted the report would show the former attorney general guilty of wrongdoing.

Brookhart challenged the decision of Judge Cochran and announced that the committee will appeal the decision to the supreme court of the United States. Brookhart added: "If Daugherty was an honest man he would come here and explain these charges instead of going into court, instead of attacking the committee and having Senator Wheeler indicted on a framed up charge. Daugherty may protest his innocence, but Jesse Smith, who was a member of his household, was at the head of a criminal organization. That has been proved."

UPHAM TO STEP OUT

Treasurer of Republican National Committee Is Ailing.

Cleveland, June 5.—Fred W. Uphaus of Chicago, treasurer of the Republican national committee, will resign soon because of ill health. William M. Butler, pre-convention manager of President Coolidge's campaign, announced after a conference with Uphaus.

Butler also announced that Mrs. Florence Collins Porter of Pasadena, Cal., the first woman to vote at a Republican national convention, will second the nomination of Coolidge at the convention here next week. Mrs. Porter voted in the Chicago convention in 1912.

Secretary of Commerce Herbert Hoover is said to be President Coolidge's choice for the vice presidential nomination. Hoover, it is added, is not inclined to accept the nomination.

BONUS LAW ATTACKED

Suit Filed at Washington to Enjoin Its Operation.

Washington, June 5.—Benjamin Catchings of New York filed a suit in the District supreme court to enjoin operation of the new bonus law. Catchings alleged that the law would accomplish a wasteful and unlawful diversion of public money. He asked the court to rule that the adjusted compensation act is in fact a gift by congress and not a provision for payment of any debt. He argued that the world war veterans have no unpaid claim for compensation, having been paid in full for every day of service and that the action of congress was beyond its constitutional powers.

Both cases arose in Cleveland, where they were tried before Judge D. C. Westenhaver.

Thirty thousand dollars in stamp and \$18 in cash was obtained by robbers who broke into the postoffice at Alton, Ill., burned two doors with a acetylene torch and blew open the safe.

WILL NOT BLOCK LEGISLATION

LaFollette Group Not Likely to Filibuster.

BIG APPROPRIATION BILL UP

Followers of Wisconsin Senator Say the Senate Played Into His Hands When It Voted Against Resolution For Resumption of Session in July. New Farm Relief Measure Before the House.

Washington, June 5.—Senate leaders believe the LaFollette group will not filibuster to gain time for their measures the last three days of this week.

The senate, having concurred in the house resolution to adjourn at 7 p. m. June 7, during the next four days probably will take up the \$150,000,000 naval construction appropriation bill, pass one or two supply bills and dispose of whatever the house sends it.

Though the presence of an important appropriation bill on the calendar offers LaFollette followers the opportunity to make an effective attempt at blocking all other legislation, authoritative statements from those close to Senator LaFollette say he will not make it. LaFollette believes, his followers say, the senate played into his hands by throwing down his resolution for a resumption of work on July 7, and will make the senate's refusal one of the articles of his platform if he takes the field as an independent in July, as showing the unwillingness of congress adequately to give time to farm legislation.

A substitute farm relief measure to take the place of the defeated McNary-Haugen bill was laid before the president by house leaders. If the president indicates he will approve it, they will rush it through both houses. If he does not like it they will drop it. The new measure, drafted after the defeat of the McNary-Haugen bill, would utilize the resources of the war finance corporation to finance export marketing of farm product surpluses. Representative Longworth of Ohio, Republican floor leader; Tinscher of Kansas and Sanders of Indiana took the draft to the white house.

An agreement was reached by senators interested in the Muscle Shoals fight to postpone consideration of the question until the next session of congress.

Failing to draw sufficient strength to carry through their plans of forcing a vote in the issue this week advocates of Henry Ford's bid entered an agreement with the opposition to take it up in December. Senator Underwood (Dem., Ala.) obtained unanimous consent to make the question the unfinished business on Wednesday, Dec. 3.

FLY ACROSS CHINA SEA

Two of American Around-the-World Aviators at Shanghai.

Shanghai, China, June 5.—Two of the three American around-the-world planes flew successfully across the East China sea from Japan to this city. The third plane, that of Lieutenant Lowell Smith, commander of the flight, failed to take off satisfactorily and was forced to remain off Shigenomi, Japan.

Lieutenant Leigh Wade and Eric Nelson, after hovering awhile awaiting their commander, flew on from Kagoshima and arrived at Shanghai without mishap.

The American consul is understood to have sent an engineer to provide Lieutenant Smith with all possible assistance.

BLAMES INSURANCE "CLUB"

Witness Alleges United States Lost Millions Through Claims.

Washington, June 5.—Before the house committee investigating the shipping board, Nathan A. Smythe, former general counsel of the fleet corporation, declared that millions of dollars were lost by the government through the "loose handling" of ship insurance claims by an American insurance "club," managed by Johnson & Higgins of New York. Smythe is now president of the United States Protection and Indemnity agency, a private corporation organized at the instance of the fleet corporation to handle claims on cargo losses and for personal injuries on shipping board vessels.

A wage increase, ranging from 30 to 36 cents a day to conductors, switchmen and brakemen has been granted by the Chesapeake and Ohio Railway company.

WORLD CRUISER TYPE

Contract For 35 Airplanes Awarded by Navy Officials.

Washington, June 5.—Navy officials awarded a contract to the Glenn L. Martin Airplane company of Cleveland to build 35 airplanes, which will cost nearly \$1,000,000. The planes are to be an improvement on the world cruiser type now being used by the army in the around-the-world flight. They will have a cruising radius of 2,400 miles, being able to travel this distance without refueling. They are so constructed as to carry bombs and torpedoes and to land on both water and the ground. A novel arrangement permits the pilot to utilize either the pontoons or the landing wheels, as the occasion demands. They will be two-passenger types. The first of the planes called for in the \$1,000,000 order will be delivered to the navy in about six months.

STATE TICKET NAMED BY PROHIBITIONISTS

Candidate for Governor to Be Selected by Committee.

Columbus, June 5.—The Prohibition state convention here nominated a state ticket "with the exception of governor, which nomination was left in the hands of the state executive committee.

The convention nominated Alfred H. Stratton, Salem, for lieutenant governor; H. Lyman Ford, Youngstown, for secretary of state; George S. Hawke, Cincinnati, for attorney general; Ira M. Petersime, Gettysburg, for auditor of state, and W. O. Kincaid, Warren, treasurer of state.

Dr. Aaron S. Watkins of Cincinnati, temporary chairman, the party's presidential candidate in 1920, delivered the "keynote." He stressed the need for better law enforcement, declaring that "instead of officers of the law leading public sentiment, public sentiment has to drag the officers by the ear to get any enforcement at all."

Watkins blamed this condition upon the appointment of enforcement officers for political reasons, instead of because they were in sympathy with the prohibition law. He adversely criticized the government for not confiscating and destroying all liquor existing at the time of the passage of the Eighteenth amendment.

Watkins defended the "kangaroo courts" recently attacked by Attorney General Crabbe and others, who claimed they were commercializing liquor law enforcement. "A kangaroo at least has the virtue of going fast," he said. "It has powerful hind legs. The municipal courts don't do anything."

Secretary Gillilan in his report, said that between 16,000 and 17,000 signatures are needed to get the Prohibition slate on the ballot in the coming election, and that workers were to be paid to obtain them.

Virgil G. Hinshaw retired as chairman of the Prohibition national committee, private affairs preventing him from continuing in office.

The Prohibition national convention convened today in Memorial hall. A two-day session is planned. A ticket will be nominated tomorrow.

THE WEATHER.

Governor Gifford Pinchot of Pennsylvania is ill at his summer home near Middletown, N. Y.

Warren T. McCray, former Indiana governor, now serving a sentence in Atlanta penitentiary, has liabilities of \$2,608,085, according to schedule filed in federal court at Indianapolis.

Five persons were drowned near Louisville, Ky., when a rowboat overturned in Rock Castle river. The five were three sisters, a brother and a boy cousin, children of Robert Bolton and Alex Bolton, respectively.

Mrs. James A. Stillman, wife of the former president of the National City Bank, New York, announced the engagement of her daughter, Anne Stillman, to H. P. Davison, son of Henry P. Davison.

A new liquor treaty, the sixth of the series, has been signed by the United States and Italy.

Washington, June 5.—Benjamin Catchings of New York filed a suit in the District supreme court to enjoin operation of the new bonus law. Catchings alleged that the law would accomplish a wasteful and unlawful diversion of public money. He asked the court to rule that the adjusted compensation act is in fact a gift by congress and not a provision for payment of any debt. He argued that the world war veterans have no unpaid claim for compensation, having been paid in full for every day of service and that the action of congress was beyond its constitutional powers.

Both cases arose in Cleveland, where they were tried before Judge D. C. Westenhaver.

The four are charged with having sold the concoction which was consumed by several lodging house dwellers, who died from the effects of the drink.

WILL NOT BLOCK LEGISLATION

LaFollette Group Not Likely to Filibuster.

BIG APPROPRIATION BILL UP

Followers of Wisconsin Senator Say the Senate Played Into His Hands When It Voted Against Resolution For Resumption of Session in July. New Farm Relief Measure Before the House.

Washington, June 5.—Senate leaders believe the LaFollette group will not filibuster to gain time for their measures the last three days of this week.

The senate, having concurred in the house resolution to adjourn at 7 p. m. June 7, during the next four days probably will take up the \$150,000,000 naval construction appropriation bill, pass one or two supply bills and dispose of whatever the house sends it.

Though the presence of an important appropriation bill on the calendar offers LaFollette followers the opportunity to make an effective attempt at blocking all other legislation, authoritative statements from those close to Senator LaFollette say he will not make it. LaFollette believes, his followers say, the senate played into his hands by throwing down his resolution for a resumption of work on July 7, and will make the senate's refusal of the articles of his platform if he takes the field as an independent in July, as showing the unwillingness of congress adequately to give time to farm legislation.

A substitute farm relief measure to take the place of the defeated McNary-Haugen bill was laid before the president by house leaders. If the president indicates he will approve it, they will rush it through both houses. If he does not like it they will drop it. The new measure, drafted after the defeat of the McNary-Haugen bill, would utilize the resources of the war finance corporation to finance export marketing of farm product surpluses. Representative Elmer A. Smith of Ohio, Republican floor leader; Trenchard of Kansas and Sanders of Indiana took the draft to the white house.

An agreement was reached by senators interested in the Muscle Shoals fight to postpone consideration of the question until the next session of congress.

Failing to draw sufficient strength to carry through their plans of forcing a vote in the issue this week advocates of Henry Ford's bid entered an agreement with the opposition to take it up in December. Senator Underwood (Dem., Ala.) obtained unanimous consent to make the question the unfinished business on Wednesday, Dec. 3.

FLY ACROSS CHINA SEA

Two of American Around-the-World Aviators at Shanghai.

Shanghai, China, June 5.—Two of the three American around-the-world planes flew successfully across the East China sea from Japan to this city. The third plane, that of Lieutenant Lowell Smith, commander of the flight, failed to take off satisfactorily and was forced to remain off Shigenomi, Japan.

Lieutenant Leigh Wade and Eric Nelson, after hovering awhile awaiting their commander, flew on from Kagoshima and arrived at Shanghai without mishap.

The American consul is understood to have sent an engineer to provide Lieutenant Smith with all possible assistance.

BLAMES INSURANCE "CLUB"

Witness Alleges United States Lost Millions Through Claims.

Washington, June 5.—Before the house committee investigating the shipping board, Nathan A. Smythe, former general counsel of the fleet corporation, declared that millions of dollars were lost by the government through the "loose handling" of ship insurance claims by an American insurance "club," managed by Johnson & Higgins of New York. Smythe is now president of the United States Protection and Indemnity agency, a private corporation organized at the instance of the fleet corporation to handle claims on cargo losses and for personal injuries on shipping board vessels.

A wage increase, ranging from 30 to 36 cents a day to conductors, switchmen and brakemen has been granted by the Chesapeake and Ohio Railway company.

WORLD CRUISER TYPE

Contract For 35 Airplanes Awarded by Navy Officials.

Washington, June 5.—Navy officials awarded a contract to the Glenn L. Martin Airplane company of Cleveland to build 35 airplanes, which will cost nearly \$1,000,000. The planes are to be an improvement on the world cruiser type now being used by the army in the around-the-world flight. They will have a cruising radius of 2,400 miles, being able to travel this distance without refueling. They are so constructed as to carry bombs and torpedoes and to land on both water and the ground. A novel arrangement permits the pilot to utilize either the pontoons or the landing wheels, as the occasion demands. They will be two-passenger types. The first of the planes called for in the \$1,000,000 order will be delivered to the navy in about six months.

STATE TICKET NAMED BY PROHIBITIONISTS

Candidate for Governor to Be Selected by Committee.

Columbus, June 5.—The Prohibition state convention here nominated a state ticket with the exception of governor, which nomination was left in the hands of the state executive committee.

The convention nominated Alfred H. Stratton, Salem, for lieutenant governor; H. Lyman Ford, Youngstown, for secretary of state; George S. Hawke, Cincinnati, for attorney general; Ira M. Petersime, Gettysburg, for auditor of state, and W. O. Kincaid, Warren, treasurer of state.

Dr. Aaron S. Watkins of Cincinnati, temporary chairman, the party's presidential candidate in 1920, delivered the "keynote." He stressed the need for better law enforcement, declaring that "instead of officers of the law leading public sentiment, public sentiment has to drag the officers by the ear to get any enforcement at all."

Watkins blamed this condition upon the appointment of enforcement officers for political reasons, instead of because they were in sympathy with the prohibition law. He adversely criticized the government for not confiscating and destroying all liquor existing at the time of the passage of the Eighteenth amendment.

Watkins defended the "kangaroo courts" recently attacked by Attorney General Crabbe and others, who claimed they were commercializing liquor law enforcement. "A kangaroo at least has the virtue of going fast," he said. "It has powerful hind legs. The municipal courts don't do anything."

Secretary Gillilan in his report, said that between 16,000 and 17,000 signatures are needed to get the Prohibition slate on the ballot in the coming election, and that workers were to be paid to obtain them.

Virgil G. Hinshaw retired as chairman of the Prohibition national committee, private affairs preventing him from continuing in office.

The Prohibition national convention convened today in Memorial hall. A two-day session is planned. A ticket will be nominated tomorrow.

FICKARDT'S ROUP AND CHOLERA DROPS

On May 7, 1924, I called on Elmer Doner, Ashville, R. F. D. No. 1, and he told me the following:—

I bought four hundred (400) chicks of a hatchery and while there I bought some tablets to prevent disease or cure them if they were sick. Very soon the chicks began to die, I tried the tablets that I had obtained at the hatchery. I then bought other tablets liquids and powders, all nationally advertised remedies, but none of them did any good and my chicks kept on dying until I had lost 250.

A friend of mine told me of Fickardt's Roup and Cholera drops, at that time I had ten sick chicks in a pen separated from the well stock and I really considered them as good as dead.

I began to use Fickardt's Roup and Cholera drops with all my chicks, both well and sick. Two of the sick ones died, the other eight recovered and I have not lost any others since I began to use Fickardt's Roup and Cholera drops over a month ago.

I would have probably thought that the disease had run its course if it had not been for the fact that these that were sick recovered, but seeing the sick ones get well has convinced me that Fickardt's Roup and Cholera drops cured them.

Corners Not Desirable

Contrary to the commercial opinion in the United States, street corners are not always the most sought after for shops and stores in European cities. One of the reasons is that intersecting streets are not always continuous on both sides of the thoroughfares and also because busses or street cars often stop in the middle of the block or at certain stations instead of at every corner as is a custom in America.

Passing Back to Dad

Those who are still worried about the younger generation should attend to the following story, which I assure them is literally true. Not long ago an undergraduate told me that he personally did not like to drink, and did not drink except when home on vacations. "Even there," he said, "I do not really want to drink. But what shall I do? I can't bear to hurt father's feelings."—Scribner's Magazine.

Egg as a Symbol

From the very earliest times, long before the Christian era, the egg was regarded as a symbol of rebirth and immortality. The Druids of ancient Britain considered the serpent's egg to be sacred and therefore adopted it as a symbol of mystery and occult knowledge. The Greeks, Persians and Egyptians also looked upon the egg as a symbol of hope and resurrection.

Unlucky Numbers

Numbers 42 and 49 are particularly unlucky in the eyes of the Japanese. The former is pronounced "shini," which means death; the latter "shiku," meaning distress and suffering. These numbers are carefully avoided by most telephone subscribers, and are usually allotted to police stations, asylums, and similar institutions.

DRY AIR SYSTEM

REFRIGERATOR

The Big Difference In Refrigerators

The main object of any refrigerator, of course, is the preservation of foods. The refrigerator that will keep foods in perfect condition longest is naturally the refrigerator you want—provided it doesn't increase your ice bills.

The Herrick answers those requirements with facts—not claims. And it does even more. It actually decreases your ice bills while giving you more effective food preservation.

And why? Simply because the Herrick is far more than an ice box—far more than a cold storage place. It is built on the scientifically demonstrated principle that more than merely cold air is necessary to keep foods in good condition for any great length of time.

Perhaps the biggest essentials to scientifically correct refrigeration are—

- No. 1. Circulation of cold dry air.
- No. 2. Effective Insulation.
- No. 3. Air-tight construction.

That the Herrick has these necessary essentials is a demonstrated fact.

Many proofs of the truth are visible even to the least informed purchaser. Others are hidden within the walls of the refrigerator, but nevertheless there, performing their functions so important to good health and economy.

Brains Not Their Strong Point.

Even an oyster has a brain of a sort; and a clam likewise. The brains of fishes are very inferior, as compared with those of mammals, but the optic lobes are enormously developed, because finny creatures, to get the food they need, must be able to see well in dim light under water. Reptiles generally are very stupid creatures, and so it is not surprising to find that their brains are remarkably small. That of a 12-foot alligator is no bigger than your thumb.

Poise Worth Cultivating.

Cultivate repose of manner, calmness, quietness, emotional control, if you want to grow in personal influence over your fellow men. Poise by no means constitutes the whole secret of personality. But it is an important element in it. If a choice has to be made between two leaders, one well poised, the other excitable, there can be no question as to which will be chosen. Always poise, with its unconscious revelation of well controlled energy, will carry the day.

FIGHT FANS

Will Have Plenty of Excitement at Big Show Friday Night.

When Frankie Susnell the classy little bantamweight boxer from Portsmouth and Soldier Johnny Mellow, of Columbus, clash at the Armory, Friday evening, the boxing fans of this community should see plenty of action as there is no love lost between these two mitt artists. Friday night the fur will undoubtedly fly.

Susnell is in the pink of condition and is fresh from a victory over the clever Phil O'Dowd of Columbus, whom he defeated in Portsmouth Monday night.

Upon Mellow's recent appearance here when he trimmed Frankie Wells he said nothing would please him better than to show Susnell a few tricks with the padded mitts and Bill Donehoe scenting a good battle in the wind immediately started negotiations. The bout should be a real thriller while it lasts.

Al Leever, who met such an untimely end at the hands of the lanky Waldo Patterson on the recent show here begged so hard for a chance to redeem himself that he will be given an opportunity to show his stuff against the hard hitting Joe O'Malley, of Columbus. Leever gave Hank Fredericks of Columbus a boxing lesson last Monday night at Portsmouth and will be in excellent shape for Joe.

In the preliminary Elmer Brown, of Circleville, will make his debut against K. O. Porte, of Portsmouth. Both are husky youngsters tipping the beam around 150 pounds and can hit like a ton. In the opener Freck Greeno, of Stoutsville and Red Jenkins of Circleville, will step four rounds of Circleville, will step four rounds maker on the chin. They appear to be nicely matched in weight and experience and should put the fans on edge for the remainder of the program.

There are plenty of good seats left at the popular prices but the fan who likes to sit down close where he can smell the rosin had better hurry and make his purchase.

The English Language.

It is estimated that over 140,000,000 people now speak the English language, over 51,000,000 the French, 75,000,000 German, 35,000,000 Italian, 42,000,000 Spanish, 13,000,000 Portuguese and 75,000,000 Russian.

INCOME TAX PAYMENTS

New Revenue Law is Effective on Returns for 1923.

Reduction of 25 Per Cent is Made - If You Paid in Full You Will Get Refunder Without Application Study the Following Instructions Carefully.

Official directions have been issued by the treasury department covering the process the taxpayer should go thru in determining how he should pay his taxes under the new revenue bill.

"If you paid all of your tax at the time of filing your 1923 return, 25 per cent will be refunded to you at a subsequent date without application.

"If at the time you filed your return, you paid three-fourths of the amount of the tax reports, no further payments will be due," the treasury said.

"If at the time you filed your return you paid one-half of the amount of tax reported no payment will be due until September 15.

"If at the time you filed your return you paid only one-fourth of the amount of tax reported you must pay on or before June 15, one-half of the amount paid by you when you filed your return.

"The main point to be borne in mind is that one half of the tax due from you this year must have been paid on or before June 15.

"Taxpayers who paid only one-fourth of their tax in March, however, should not make the mistake of thinking they may take credit for the full 25 per cent reduction at once and not pay anything when the second installment comes due. The new law provides that the 25 per cent reduction shall be pro-rated over all four installments.

"A special way for a taxpayer to arrive at the amount of his June payment is to remember that if his March payment was one-fourth of the amount shown on his return, his June payment will be just one-half of his March payment. The tax remaining unpaid after June 15, may be paid in equal installments on or before September 15 and December 15, respectively.

"A considerable number of taxpayers who are accustomed to paying all their claim when they filed their returns anticipated the 25 per cent reduction and paid only three-fourths of the amounts reported on their returns. This class of taxpayers will of course have nothing further to pay this year, unless additional tax is disclosed when their returns are audited.

There will no doubt be many individuals who will desire to settle their tax accounts in full now that the 25 per cent reduction is an accomplished fact. The amount due in any instance where a taxpayer desires to pay in full will be the total amount of tax shown at the time of filing the return less 25 per cent and less the amount paid at the time of filing the return.

The collectors of internal revenue state that such action would be advantageous from the government's viewpoint, as it would eliminate considerable bookkeeping.

The payment made in June, plus the amount already paid, must equal one half of the total tax due after taking the deduction of 25 per cent. Likewise the amount paid in September, plus the amount previously paid must equal three-fourths of the total tax liability after the deduction of 25 per cent has been taken. The remainder of the tax liability will be payable on or before December 15.

"In cases where taxpayers paid the full amount of tax shown on their returns, refunds will be made of one-fourth of the amount. It will not be necessary for claims to be filed.

Dirigible Shenandoah Lands.

Lakehurst, N. J., June 5.—After having floated aimlessly for four hours in a fog between Trenton and this city, the giant navy dirigible Shenandoah was placed in its hangar here. It was the fourth attempt to land the huge navy aircraft, three others failing because the dirigible had become light through using so much fuel in its flight over New York and Pennsylvania.

Watkins Loses Suit.

Columbus, June 5.—Former Chief of Police James E. Watkins of Youngstown lost his mandamus suit brought in supreme court to compel Governor Donahey to reinstate him in office. Watkins was ousted by the governor several months ago after a trial under the Miller act, during which the chief was charged with nonfeasance in office and neglect of duty.

SOCIAL CALENDAR

Mount Pleasant M. E. church at Kinderhook was the scene of a brilliant wedding ceremony Saturday evening, May 31, at 4:30 o'clock when Miss Rose Puffinbarger, daughter of Mr. and Mrs. Charles Fremont Puffinbarger became the bride of Mr. George Gilbert Wise Jr., of Butler, Pennsylvania. The ceremony was performed by Rev. Wilmer S. Fisher, of Kingston. Miss Ida Puffinbarger, sister of the bride, was maid of honor and Mr. Charles Stoneberger of Salesville, attended Mr. Wise as best man. The bridesmaids were Miss Gwendolyn Rector, Miss Gertrude S. Mather, of Richmond, Miss Loree J. Mathews, of Greenville and Miss Esther Wolfey, Columbus. The ushers were Mr. Charles Ware, Springfield; Mr. Herbert Beane and Mr. Harold Taylor, Columbus, and Mortimer Snyder, of Cleveland. Helen Pickering, of Williamsport, was the flower bearer. Preceding the ceremony while the guests awaited the coming of the bridal party, Mrs. John Hyde Dunlap sang several appropriate selections accompanied by Mrs. Charles Dwight Rector. As Mrs. Rector then played the wedding march the bridal party entered the church. The bride was accompanied by her father, who gave her away in marriage. The beautiful ring ceremony was used in full form. The church altar was tastefully decorated in garlands of evergreen and white flowers. The bride was beautifully gowned in white Elizabeth crepe with lace trimmings and carried a bouquet of bridal roses. Her filmy veil of brussels net and wreath of orange blossoms added to her loveliness as a bride. The maid of honor was gowned in pink voile over silk trimmed lace. Miss Rector wore orchid voile over silk trimmed lace; Miss Mathers peach voile over lace trimmed in lace; Miss Mathews lemon voile over silk trimmed in lace; Miss Wolfey rose voile over silk trimmed in lace. With the groom and his attendants dressed in full evening dress of black grouped before the handsomely decorated altar the wedding party presented a scene of beauty and loveliness long to be remembered by the host of invited friends who filled the church to witness the ceremony. The bride is a graduate of Ohio Wesleyan university, class of '22. The maid of honor and bridesmaids with the exception of Miss Rector are also graduates of the same college and members of Alpha Lambda Quota Sorority. The groom graduated from Ohio State in 1923 and with the best man and ushers excepting Mr. Ware were members of the Delta Kappa Theta fraternity. After a wedding trip thru the eastern states, Mr. and Mrs. Wise will be at home at 1780 Eddy Road, East Cleveland. Among those present were Mr. and Mrs. Jesse Wolfey, Mr. and Mrs. William James, Mr. and Mrs. Ray Cutright, Columbus; Mr. and Mrs. Delano Butler and son and daughter, Bourneville; Professor and Mrs. Mumah, Chillicothe; Mr. and Mrs. J. H. Glick, Mr. and Mrs. Edward Stephens, Circleville Mrs. W. S. Fisher and daughter, Elizabeth, of Kingston; Miss Lois Timmons, Quaker City and Mr. Thomas Debolt, Cleveland.

The seventy-fifth birthday anniversary of Mrs. W. H. Grove, of Hayesville, was celebrated Sunday, June 1, at the beautiful country home of her daughter, Mrs. Walter Wright. Forty-seven relatives and friends came with well filled baskets and at the noon hour the following partook of a self serve dinner; Mrs. W. H. Grove, Mr. and Mrs. A. A. Grove, Mr. and Mrs. Floyd Hoch, Miss Thelma Manley, Mr. Gordon Mercer, Mr. and Mrs. Howard Metzger and Mr. and Mrs. Allen Grove and daughter, Helen Louise, of Columbus; Mr. and Mrs. H. S. Grove and son Harry, of Ashville; Mr. and Mrs. Alva Hanley and sons, Carl, Ray and Edward and daughters, Mary and Mattie, Mrs. Welshimer and son, Harry, and Mr. Homer Hartman, of Tarlton; Mr. and Mrs. E. O. Dumm and daughters, Helen, Mabel, Elizabeth, Marie, Hazel and Mary and sons, Marvin and Woodrow of Nash; Mr. and Mrs. C. A. George, Mr. and Mrs. Walter Wright and daughter, Ruth and sons, Emerson, George, Harry, Lawrence and Julius. All departed late in the day wishing Mr. Grove many more happy birthday anniversaries.

FIGHT FANS

Will Have Plenty of Excitement at Big
Show Friday Night.

When Frankie Susnell the classy little bantamweight boxer from Portsmouth and Soldier Johnny Mellow, of Columbus, clash at the Armory, Friday evening, the boxing fans of this community should see plenty of action as there is no love lost between these two mitt artists. Friday night the fur will undoubtedly fly.

Susnell is in the pink of condition and is fresh from a victory over the clever Phil O'Dowd of Columbus, whom he defeated in Portsmouth Monday night.

Upon Mellow's recent appearance here when he trimmed Frankie Wells he said nothing would please him better than to show Susnell a few tricks with the padded mitts and Bill Donehoe scenting a good battle in the wind immediately started negotiations. The bout should be a real thriller while it lasts.

Al Leever, who met such an untimely end at the hands of the lanky Waldo Patterson on the recent show here begged so hard for a chance to redeem himself that he will be given an opportunity to show his stuff against the hard hitting Joe O'Malley, of Columbus. Leever gave Hank Fredericks of Columbus a boxing lesson last Monday night at Portsmouth and will be in excellent shape for Joe.

In the preliminary Elmer Brown, of Circleville, will make his debut against K. O. Porte, of Portsmouth. Both are husky youngsters tipping the beam around 150 pounds and can hit like a ton. In the opener Freck Greeno, of Stoutsville and Red Jenkins of Circleville, will step four rounds of Circleville, will step four rounds maker on the chin. They appear to be nicely matched in weight and experience and should put the fans on edge for the remainder of the program.

There are plenty of good seats left at the popular prices but the fan who likes to sit down close where he can smell the rosin had better hurry and make his purchase.

The English Language.

It is estimated that over 140,000,000 people now speak the English language, over 51,000,000 the French, 75,000,000 German, 35,000,000 Italian, 42,000,000 Spanish, 13,000,000 Portuguese and 75,000,000 Russian.

INCOME TAX
PAYMENTS

New Revenue Law is Effective on
Returns for 1923.

Reduction of 25 Per Cent is Made—If
You Paid in Full You Will Get Refunder Without Application Study
the Following Instructions Carefully.

Official directions have been issued by the treasury department covering the process the taxpayer should go thru in determining how he should pay his taxes under the new revenue bill.

"If you paid all of your tax at the time of filing your 1923 return, 25 per cent will be refunded to you at a subsequent date without application.

"If at the time you filed your return, you paid three-fourths of the amount of the tax reports, no further payments will be due," the treasury said.

"If at the time you filed your return you paid one-half of the amount of tax reported no payment will be due until September 15.

"If at the time you filed your return you paid only one-fourth of the amount of tax reported you must pay on or before June 15, one-half of the amount paid by you when you filed your return.

"The main point to be borne in mind is that one half of the tax due from you this year must have been paid on or before June 15.

"Taxpayers who paid only one-fourth of their tax in March, however, should not make the mistake of thinking they may take credit for the full 25 per cent reduction at once and not pay anything when the second installment comes due. The new law provides that the 25 per cent reduction shall be pro-rated over all four installments.

"A special way for a taxpayer to arrive at the amount of his June payment is to remember that if his March payment was one-fourth of the amount shown on his return, his June payment will be just one-half of his March payment. The tax remaining unpaid after June 15, may be paid in equal installments on or before September 15 and December 15, respectively.

"A considerable number of taxpayers who are accustomed to paying all their claim when they filed their returns, anticipated the 25 per cent reduction and paid only three-fourths of the amounts reported on their returns. This class of taxpayers will of course have nothing further to pay this year, unless additional tax is disclosed when their returns are audited.

There will no doubt be many individuals who will desire to settle their tax accounts in full now that the 25 per cent reduction is an accomplished fact. The amount due in any instance where a taxpayer desires to pay in full will be the total amount of tax shown at the time of filing the return less 25 per cent and less the amount paid at the time of filing the return. The collectors of internal revenue state that such action would be advantageous from the government's viewpoint, as it would eliminate considerable bookkeeping.

The payment made in June, plus the amount already paid, must equal one half of the total tax due after taking the deduction of 25 per cent. Likewise the amount paid in September, plus the amount previously paid must equal three-fourths of the total tax liability after the deduction of 25 per cent has been taken. The remainder of the tax liability will be payable on or before December 15.

"In cases where taxpayers paid the full amount of tax shown on their returns, refunds will be made of one-fourth of the amount. It will not be necessary for claims to be filed.

Dirigible Shenandoah Lands.

Lakehurst, N. J., June 5.—After having floated aimlessly for four hours in a fog between Trenton and this city, the giant navy dirigible Shenandoah was placed in its hangar here. It was the fourth attempt to land the huge navy aircraft, three others failing because the dirigible had become light through using so much fuel in its flight over New York and Pennsylvania.

Watkins Loses Suit.

Columbus, June 5.—Former Chief of Police James E. Watkins of Youngstown lost his mandamus suit brought in supreme court to compel Governor Donahue to reinstate him in office. Watkins was ousted by the governor several months ago after a trial under the Miller act, during which the chief was charged with nonfeasance in office and neglect of duty.

Convincing Argument.

Showman—Walk in, ladies and gentlemen, and see the Aztec giants, descendants of a long-extinct race!

SOCIAL CALENDAR

Mount Pleasant M. E. church at Kinderhook was the scene of a brilliant wedding ceremony Saturday evening, May 31, at 4:30 o'clock when Miss Rose Puffinbarger, daughter of Mr. and Mrs. Charles Fremont Puffinbarger became the bride of Mr. George Gilbert Wise Jr., of Butler, Pennsylvania. The ceremony was performed by Rev. Wilmer S. Fisher, of Kingston. Miss Ida Puffinbarger, sister of the bride, was maid of honor and Mr. Charles Stoneberger of Salesville, attended Mr. Wise as best man. The bridesmaids were Miss Gwendolyn Rector, Miss Gertrude S. Mather, of Richwood, Miss Loree J. Mathews, of Greenville and Miss Esther Wolfey, Columbus. The ushers were Mr. Charles Ware, Springfield; Mr. Herbert Beane and Mr. Harold Taylor, Columbus, and Mortimer Snyder, of Cleveland. Helen Pickering, of Williamsport, was the flower bearer. Preceding the ceremony while the guests awaited the coming of the bridal party, Mrs. John Hyde Dunlap sang several appropriate selections accompanied by Mrs. Charles Dwight Rector. As Mrs. Rector then played the wedding march the bridal party entered the church. The bride was accompanied by her father, who gave her away in marriage. The beautiful ceremony was used in full form. The church altar was tastefully decorated in garlands of evergreen and white flowers. The bride was beautifully gowned in white Elizabeth crepe with lace trimmings and carried a bouquet of bridal roses. Her filmy veil of brussels net and wreath of orange blossoms added to her loveliness as a bride. The maid of honor was gowned in pink voile over silk trimmed lace. Miss Rector wore orchid voile over silk trimmed lace; Miss Mathews peach voile over lace trimmed in lace; Miss Mathews lemon voile over silk trimmed in lace; Miss Wolfey rose voile over silk trimmed in lace. With the groom and his attendants dressed in full evening dress of black grouped before the handsomely decorated altar the wedding party presented a scene of beauty and loveliness long to be remembered by the host of invited friends who filled the church to witness the ceremony. The bride is a graduate of Ohio Wesleyan university, class of '22. The maid of honor and bridesmaids with the exception of Miss Rector are also graduates of the same college and members of Alpha Lambda Quota Sorority. The groom graduated from Ohio State in 1923 and with the best man and ushers excepting Mr. Ware were members of the Delta Kappa Theta fraternity. After a wedding trip thru the eastern states, Mr. and Mrs. Wise will be at home at 1780 Eddy Road, East Cleveland. Among those present were Mr. and Mrs. Jesse Wolfey, Mr. and Mrs. William James, Mr. and Mrs. Ray Cutright, Columbus; Mr. and Mrs. Delano Butler and son and daughter, Bourneville; Professor and Mrs. Mumah, Chillicothe; Mr. and Mrs. J. H. Glick, Mr. and Mrs. Edward Stephens, Circleville; Mrs. W. S. Fisher and daughter, Elizabeth, of Kingston; Miss Lois Timmons, Quaker City and Mr. Thomas Debolt, Cleveland.

The seventy-fifth birthday anniversary of Mrs. W. H. Grove, of Hayesville, was celebrated Sunday, June 1, at the beautiful country home of her daughter, Mrs. Walter Wright. Forty-seven relatives and friends came with well filled baskets and at the noon hour the following partook of a self serve dinner; Mrs. W. H. Grove, Mr. and Mrs. A. A. Grove, Mr. and Mrs. Floyd Hoch, Miss Thelma Manley, Mr. Gordon Mercer, Mr. and Mrs. Howard Metzger and Mr. and Mrs. Allen Grove and daughter, Helen Louise, of Columbus; Mr. and Mrs. H. S. Grove and son Harry, of Ashville; Mr. and Mrs. Alva Hanley and sons, Carl, Ray and Edward and daughters, Mary and Mattie, Mrs. Welshimer and son, Harry, and Mr. Homer Hartranft, of Turlington; Mr. and Mrs. E. O. Dumm and daughters, Helen, Mabel, Elizabeth, Marie, Hazel and Mary and sons, Marvin and Woodrow of Nash; Mr. and Mrs. C. A. George, Mr. and Mrs. Walter Wright and daughter, Ruth and sons, Emerson, George, Harry, Lawrence and Julius. All departed late in the day wishing Mr. Grove many more happy birthday anniversaries.

COMPENSATION FOR VETERANS

J. M. Lynch Appointed to Have Charge of Work in This County.

Red Cross Will Assist - Plans Completed to Transmit Application Blanks Between July 1 and 15 - Finger Print Records Aid to Identification.

Joe M. Lynch, adjutant of Howard Hall post, American Legion, has been appointed by the war department to have charge of the work of filing claims of the ex-service men of Pickaway county for the national bonus. Mr. Lynch will have his headquarters in the room occupied by the Red Cross, in the Masonic Temple.

Machinery is rapidly being set up by both the war department and the veterans bureau to carry out the provisions of the bonus act, and at the request of the war department the Red Cross will assist in distributing blanks. Officials of the war department make it plain, however, that there is no immediate necessity for speed. They point out that no cash payments will be made before March 1, 1925, and no loans can be made on policies for more than two years. The first installment of the 5,000,000 blanks will begin moving out between July 1 and 15. Finger print records are required on the application blanks. This is the first time that this valuable aid to identification has been used by any government bureau in extending benefit to veterans. The primary object is to protect veterans and their dependents from forged applications and to provide a positive means of identification.

Don'ts For Bonus Applicants.
The war department is emphasizing the importance of observing the following suggestions:

Do not write for application blanks. They will be distributed as soon as prepared.

Read carefully the instructions which will be printed with the application blank.

Do not pay fees other than any notary charge. The law prohibits any person from charging a fee for assistance in the collection of the compensation.

Do not write the war department for any information required by the blank. If the individual has not the information, supply it as best he can from memory.

Mail application blanks in the envelopes which will be distributed at the same time.

The date for filing will not expire until January 1, 1928. There is nothing to be gained by unusual haste. No cash payments of any kind will be available before March 1, 1925, and no loan can be made on any policy before January 1, 1927.

The act provides \$1 for each day of home service and \$1.25 for each day of overseas service, after April 5, 1917 and before July 1, 1919. The service must have begun prior to November 11, 1918.

A maximum of \$500 for exclusive home service is allowed but a veteran who performed over-seas service is allowed a maximum of \$625.

COMPENSATION FOR VETERANS

J. M. Lynch Appointed to Have Charge of Work in This County.

Red Cross Will Assist - Plans Completed to Transmit Application Blanks Between July 1 and 15 - Finger Print Records Aid to Identification.

Joe M. Lynch, adjutant of Howard Hall post, American Legion, has been appointed by the war department to have charge of the work of filing claims of the ex-service men of Pickaway county for the national bonus. Mr. Lynch will have his headquarters in the room occupied by the Red Cross, in the Masonic Temple.

Machinery is rapidly being set up by both the war department and the veterans bureau to carry out the provisions of the bonus act, and at the request of the war department the Red Cross will assist in distributing blanks. Officials of the war department make it plain, however, that there is no immediate necessity for speed. They point out that no cash payments will be made before March 1, 1925, and no loans can be made on policies for more than two years. The first installment of the 5,000,000 blanks will begin moving out between July 1 and 15. Finger print records are required on the application blanks. This is the first time that this valuable aid to identification has been used by any government bureau in extending benefit to veterans. The primary object is to protect veterans and their dependents from forged applications and to provide a positive means of identification.

Don'ts For Bonus Applicants.
The war department is emphasizing the importance of observing the following suggestions:

Do not write for application blanks. They will be distributed as soon as prepared.

Read carefully the instructions which will be printed with the application blank.

Do not pay fees other than any notary charge. The law prohibits any person from charging a fee for assistance in the collection of the compensation.

Do not write the war department for any information required by the blank. If the individual has not the information, supply it as best he can from memory.

Mail application blanks in the envelopes which will be distributed at the same time.

The date for filing will not expire until January 1, 1928. There is nothing to be gained by unusual haste. No cash payments of any kind will be available before March 1, 1925, and no loan can be made on any policy before January 1, 1927.

The act provides \$1 for each day of home service and \$1.25 for each day of overseas service, after April 5, 1917 and before July 1, 1919. The service must have begun prior to November 11, 1918.

A maximum of \$500 for exclusive home service is allowed but a veteran who performed over-seas service is allowed a maximum of \$625.

A Mr. Wilt, of Chillicothe, who has a job in Columbus, and who hikes to the Capital City early every morning in a flyover, went to sleep at the switch this morning about four o'clock Circleville time near the school house four miles north of the city on the Columbus pike. EZEKIEL ENCOURAGES THE EXILES
LESSON TEXT—Ezek. 34:1-30.
GOLDEN TEXT—"I will seek that which was lost, and bring again that which was driven away."—Ezek. 34:16.
PRIMARY TOPIC—Ezekiel Preaching to the Exiles.
INTERMEDIATE AND SENIOR TOPIC—The Lord Seeking His Scattered People.
YOUNG PEOPLE AND ADULT TOPIC—Ezekiel's Mission to the Exiles.

Ezekiel prophesied in the land of captivity. The latter part of Jeremiah's ministry was contemporaneous with that of Ezekiel. The purpose of his ministry was:

1. To Keep Before the Minds of the Captives That They Were in Captivity Because of the Sins of the Nation (Ezek. 14:23).
2. To Show That God Was Righteous in His Visitation of Judgment Upon Them (Ezek. 7:8, 9).
3. To Sustain Their Faith by Assuring Them of Their National Restoration, the Punishment of Their Enemies and the Final Exalted Place of Israel Among the Nations When Messiah Should Reign (Ezek. 34:20-31).

I. Indictment of the False Shepherds (vv. 1-19).
Israel's ruined condition resulted from the failure of the rulers to properly care for the people of Israel, God's sheep. Their sin was that:

1. They Exploited the People Instead of Shepherding Them (vv. 1-3). The shepherds were appointed to feed the flock but instead of that they fed themselves, even devouring the sheep and clothing themselves with the wool thereof.
2. They Failed to Minister to the Sick, the Diseased and Wounded (v. 4). It is not enough that the shepherds refrain from doing evil to the sheep. They are expected to strengthen the weak and bind up the wounds of those that have been injured.
3. They Did Not Search Out the Lost Sheep (vv. 5-9). Sheep left to themselves wander away. The sheep are not expected to look after themselves but to be cared for by the shepherd. In their scattered condition they became the prey of wild beasts. None sought after them though they had wandered through the mountains and over the hills.
4. The Lord Held the Priests and Rulers of Israel Responsible for This Condition (v. 10). The Lord always holds those responsible who have been set over his children.

II. Israel to Be Restored (vv. 11-22).
Though the rulers have so wretchedly failed, the almighty God will come to the rescue of His people.

1. He Will Search and Seek Them Out (vv. 11, 12). Though Israel be scattered throughout the nations, the divine shepherd will deliver them from every place where they have been scattered.
2. Will Bring Them Into Their Own Land (v. 13). This was partly fulfilled in the return of the remnant under Ezra and Nehemiah, but the real fulfillment awaits the future.
3. Will Feed Them (vv. 13, 14). He will not only satisfy them with food. He will cause them to lie down in perfect contentment and security (vv. 14, 15).
4. Shall No More Be a Prey (v. 22). Though God's chosen people have been scattered through the mountains and over the hills of the nations and have been a prey to the rapacious greed of the many nations, God will one day deliver his sheep and will judge the false shepherds.

III. The Coming Good Shepherd (vv. 23-31).
The instrument through which this great deliverance is to be wrought is the Messiah Himself.

1. He Will Make a Covenant of Peace (v. 25). This condition of peace will be brought about by the presence of the Lord among them. The world and Israel will only know actual peace when the Prince of Peace shall come and rule over the whole earth.
2. Evil Beasts Removed (v. 25). The redemption which awaits Israel and the world will not only affect God's children and their rulers but will bring about peace even among the animals, so that His children can sleep in peace and quiet even in the woods.
3. Showers of Blessing Come Down (v. 26).
God's chosen people shall be a blessing to the world, according to His original purpose for them. When these blessings are poured out, it shall be known that they flow from Jesus Christ, the good Shepherd. The purpose of Israel's choice was that the world might be blessed through them (Gen. 12:1-3).

Made-Over Bush Nut Can Be Easily Opened

For many years the delicious bush nut of Australia, known variously as the Australian, Queensland and polar nut, has baffled horticulturists. It had a rare and delicate flavor, was a food for an epicure, but its shell was about the hardest known to mankind.

The size of a small pigeon's egg, brown and shiny, one might jump on it and hammer it with one's heel without leaving the faintest impression save on the heel. Something in the nature of a blacksmith's hammer and anvil was required to smash the shell.

After years of disappointing experiments in various parts of the world official word comes that J. S. Waldron, who lives on the south coast of New South Wales, has produced a thin-shelled bush nut. Several plant generations have demonstrated the success of the new nut, according to the Queensland government botanist and the director of fruit culture, who inspected the Waldron farm.

The made-over bush nut is said to retain the flavor and the indestructible shell has been replaced by one that may be opened with reasonable facility.—Detroit News.

Such popularity must be deserved

OLD records to break, new ones to make! Grilling tests of speed, stamina, power! And for the winner—popularity, hard-won and deserved.

So with everything else. To win popularity even a cigarette must deserve it. Chesterfield, for example, has long been winning an average of over 1000 smokers a day.

One thing alone—Chesterfield's better taste—can account for such popularity.

Every one then knew, by my telltale blushing, that it was I—a most embarrassed bride.—Chicago Tribune.

Making Iron Rustproof.

According to Professor Barff, if iron is subjected to the action of superheated steam at a temperature of 650 degrees Centigrade for from six to seven hours it becomes covered with a coating which is proof against rusting or the action of a file. A great advantage of the system is that, if a part is left untreated and begins to rust the rusting does not spread sideways to the treated portions.

Trials of Matrimony.

We were stopping at a hotel, while on our honeymoon, and were trying to hide the fact that we were newlyweds. We succeeded quite well until dinner time. Just as we had reached the center of the big dining hall, a tot stood up on her chair and shouted, "Which one is the bride, mamma?" Every one then knew, by my telltale blushing, that it was I—a most embarrassed bride.—Chicago Tribune.
